YOUR INDUSTRY EXPERTS ARE FOCUSED ON
# SUSTAINABILITY

MAKE SUSTAINABLE CHOICES
AND LEARN ABOUT THE BENEFITS OF OUR ECO-FRIENDLY MEDIA

Recycled Polyester Knit
This 100% recycled media is made with fibers recycled from plastic bottles. Recycled bottles are collected worldwide, cleaned and flaked, and made into resin that can be made into fibers.

PVC-Free Media
This PVC-free media is made from polyester, nylon and polyurethane. The benefits of PVC-free media include a reduction in toxic chemicals released into the environment, lower levels of VOCs (volatile organic compounds).

Biodegradable Fabric
This media is made with CiCLO technology. CiCLO-treated microfibers biodegrade 91.1% compared to untreated microfibers, a rate comparable to wool.
Corrugated Plastic
This corrugated plastic is made of 100% polypropylene. This media is 100% recyclable. Recycling of plastic combats adverse environmental impacts; polypropylene is blue bin recyclable and falls under the #5 resin recyclability code.

Corrugated Cardboard, Paper-Based Media and 3 mm Paperboard
Made from cellulose-based printing paper and corrugated cardboard. Media is recyclable through a majority of curbside recycling programs.

have you considered...

- **size** what is the size of your table?
- **fabric/media** what type of material are you looking for?
- **frequency** how often will you be using your table cover?
- **use** will people be sitting at the table, or will it be used to showcase merchandise or promotional materials?
- **message** do you want a logo printed on the front or would you like a design that covers the entire throw?

how to DISPLAY

Table covers can bring a sense of professionalism and branding consistency to your events. Display at various types of events, such as trade shows, seminars, product launches, job fairs, craft fairs, fundraisers, and pop-up shops.

RETRACTABLE BANNERS

have you considered...

- **use** will this product be used on a floor or on a tabletop?
- **flexibility** will your graphic be permanent or will you be swapping it out frequently?
- **frequency** how often will your retractor be set up and taken down?
- **location** will your retractor be used indoors or outdoors?
- **message** do you want a single- or double-sided display?

how to DISPLAY

Retractable banners are great for their versatility, portability and reusability. Setting up a retractable banner is quick and easy, requiring minimal effort. Use at promotional events, conventions, product launches, food festivals, and corporate events.

Wind ratings were determined utilizing all available securing/stabilizing options sold with or offered for the product. Review the Beaufort Scale on page 219 for additional details.

RCAT CERTIFIED
Retractor Calibration Assessment Test

AMERICA'S FINEST RETRACTOR
To guarantee superior quality, we have developed an RCAT (Retractor Calibration Assessment Test) machine that assesses retractable banner components. Each retractor is tested and rated to a minimum number of times it will extend and retract with normal use, helping you find a retractor that meets your exact needs. The RCAT rating certification lets you have confidence in your retractable banner display, no matter which one you choose.

Top Seller
Titan™ No-Curl Hybrid Media
Anti-curl properties for a taut banner.

Banner Media
Titan™ No-Curl Opaque Fabric
High-quality fabric that prevents curling. Silver backing makes it opaque.

Titan™ 13. oz Scrim Vinyl
Durable vinyl repels water and cleans easily for extended outdoor use.

have you considered...

- **location** will you be using this product indoors or outdoors?
- **use** will you be hanging it on a wall, mounting it on a pole or do you need a standalone display?
- **longevity** how long will your banner or flag be displayed?
- **weather** are there extreme weather conditions to consider?
- **message** do you need a single- or double-sided banner or flag?

how to DISPLAY

Banners and flags are designed to attract attention with vibrant colors and dynamic designs, making them easily noticeable from a distance. Available for indoor and outdoor use, they are a perfect marketing tool. Great for entry points, festivals, and other events.

TEARAWAY BANNER

Create a grand entrance at sporting events with a Tearaway Banner. Burst it apart and put it back together again!
· Artwork is printed on recycled polyester knit
· 100% recycled media is made with fibers recycled from plastic bottles
· The tearaway banner is made of two panels that attach to one another using hook-and-loop fasteners
· Each panel features a 3" pole pocket along the edge; pole pockets are closed at the top to prevent the banner from sliding down the poles
· Double-needle hem along the non-pole-pocket edge
· Banners used outdoors have a 90-day warranty; banners used indoors have a 1-year warranty

For best results, push swedge poles into the ground and hold the top half of each side to keep it taut.
Included rope loops through grommets to keep the banner secure and taut.
Hook-and-loop fasteners are strong enough to hold the two panels together but make the banner easy to burst through.

TENTS

1. Premium Gable 15' Tent with Full Wall pages 109 & 113 2. Deluxe 8' Tent with Half Wall pages 103 & 112

have you considered...

- **location** where will this tent be used?
- **longevity** will you be using your tent for one or multiple events?
- **message** what is the desired impact of your promotional message?
- **weather** will you need additional reinforcement against wind?
- **accessories** would you like to add additional ad space?

how to DISPLAY

Branded tents increase your visibility and brand recognition from a distance. Tents can provide shelter from the elements and define a space for specific activities; such as product displays, demonstrations or meetings. Perfect for outdoor events.

Beaufort Wind Rating: Select products have been rated on the Beaufort Wind Scale. See rating icon underneath the product name. Wind ratings were determined utilizing all available securing/stabilizing options sold with or offered for the product. Review the Beaufort Scale on page 219 for additional details.

Disclaimer: Wind rating conducted in a controlled environment. Outdoor products should be taken down if bad weather is likely. Wind gusts and heavy rain could reduce the wind resistance of these products.

10' tent with dye sublimation

Tent wheels make moving a breeze whether it's inuse or being transported to your event.

Central hub makes setup fast and easy.

Easy-Glide Tent Feet allow the tent frame to slide on dirt and grass, preventing the legs from catching. US Patent #D760857

Legs feature levers for easy height adjustments.

10' OMNI TENT

This tent is designed for portability. It features an innovative central hub design that makes it a snap to set up.

· 1.25" diameter octagon legs constructed of 0.8 mm anodized aluminum
· Canopy is constructed of durable, weather-resistant 600 denier polyester
· Hybrid construction with aluminum legs and steel truss
· The included soft case slides over the frame when it's fully collapsed
· The tent can be secured to the ground with the included stake kit
· Frame must be secured to the ground to prevent wind damage (failure to secure the tent voids the warranty)
· Canopy available in eight stock colors (see page 100), with full-bleed dye sublimation or with full-bleed UV printing

SIGNAGE

have you considered...

- **location** will your sign be used indoors or outdoors?
- **longevity** how long will your sign be displayed?
- **flexibility** will your message be permanent or will it change frequently?
- **transport** will your sign be stationary or will you be transporting it from place to place?

how to DISPLAY

Use signage to establish a strong presence. Incorporating signage throughout your business or event, including directional and informational signs, helps your customers navigate spaces easily and enhance their overall experience.
