# Parking Hang Tags

Many businesses and organizations utilize parking hang tags to keep their parking lots secure and to provide information to visitors. They are often used by schools, hospitals, apartment complexes, car rental companies, and corporate offices. These tags can be ordered in a variety of different material options and fully customized with reflective laminate, foil stamping, numbering, and barcoding.

### Five Materials To Choose From!

- .015" White Polyethylene
- .035" White Polyethylene
- .035" Recycled White Polyethylene
- .035" Polyethylene with Reflective Overlaminate
- .020" Deluxe Plastic

Hang Tags can be printed on .035" polyethylene that contains up to 70% post-consumer recycled materials. Look for the item numbers with an "E" after them.

# Poly Signs

Polyethylene is one of the most common types of plastic in the world today. It is lightweight, strong, impact resistant, recyclable, can withstand a wide temperature range, and has some chemical resistance attributes. This durable material resists cracking, peeling and chipping, even in cold weather climates making it a perfect choice for signs used both inside and outdoors. Choose from simple spot color or 4-color process printed signs available in several standard sizes and shapes and unique custom products in a variety of thicknesses.
